Challenge the Status Quo

A SMALL STEP AND GREAT OPPORTUNITY TO
ADD VALUE TO YOUR VENTURES AND INVESTMENTS

Arthur's Legal is an international law firm, based in Amsterdam, that provides tailored proactive legal services for ventures and (informal) investors.

We assist both sides of the private equity market:

- A both cross-border and national venture capitalists and other investors, and
- B the companies that require venture capital.

Arthur's Legal uses a proactive/precautionary approach that creates:

- I the possibility to manage and deal with potential legal matters at a very early stage, and
- II the structure that adds both value and (quicker) revenues.

Without compromising on the quality of work, Arthur's Legal has elaborated and implemented with its clients a unique, process-oriented concept to real cost management and savings.

Arthur's Legal knows where you as either a venture or investor can:

- 1 optimize and improve your businesses, further grow and mature, and
- 2 secure the future for both companies, investors and other stakeholders.
